

SISTER M. INEZ, O.S.F. (kneeling) receives the Mission Cross from the hands of the Rev. Prancratius, O.F.M., in the chapel at St. Francis Woods, Mokena, prior to departure for missionary work in Brazil. Standing beside her is Mother Timothy Marie, Superior General of the Franciscan Sisters of the Sacred Heart. Sister Inez will get her training in the language and culture of the country at Belem, at the mouth of the Amazon River, and then go to the new mission at Icoaraci, in the interior. This second mission is to begin operations early next year. Sister Inez will join Sister M. Liguari, who went to Belem last August to establish a clinic for the poorest poor at Icoaraci. Two clinics and two catechetical centers in the slums of Belem are being operated by the four Sisters from St. Francis Woods who went to Brazil in 1963.

Icy Roads Cause Many Auto Crashes

An ice storm, the first of the current fall season turned area streets and highways into a skating rink Sunday morning.

Dozens of automobile accidents were reported and many persons were injured but no fatalities occurred as a result of the icy condition.

A Joliet man was killed at 143d and Wolf Rd., in Orland Township, and his wife was injured but that was the result of his car having been struck by another motorist who has been charged with involuntary manslaughter, running a stop sign and driving while drunk. Killed was Henry F. Hohmann, 59, distributor for Meister Brau beer. His wife, Helen, 55, was taken to St. Francis hospital, Blue Island. The other driver was Larry J. Newlin, 22, of Griffith, Ind.

Nine persons were given treatment at Silver Cross when a woman driver attempted to pass another west bound car on Mills Rd., found

she was without traction and crashed headon into an east bound car.

Three persons were also treated for a crash on U.S. 30 near Lincoln Estates and seven persons were taken to Silver Cross following a crash on U.S. 30 near the entrance to Lincoln - Way High School campus.

Half a dozen or more crashes occurred on I-55 with most of the persons involved being taken to St. Joseph hospital at Joliet.

Some motorists involved in crashes were ticketed for driving too fast for conditions.

By Sunday night, however, rising temperatures and rain had eliminated most of the ice but there were slick spots left on roads not heavily traveled.

Orland Pk. Seeks Aid For Fire Department

Financial support of the Orland Park fire department from persons living outside the municipal limits of that village is sought by village and township officials.

It was pointed out that the Orland fire department is operating on a deficit of approximately \$5,000 a year. Between Jan. 1 and Nov. 18 of this year the department responded to 183 calls within the village of Orland Park and 161 outside the limits.

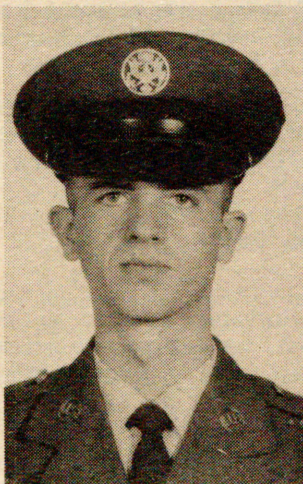

There is no intention of discontinuing service in the outside areas, it was made plain by Orland officials. The Orland Fire Department

Cub Scouts Send Gifts To Yanks In Viet Nam

Cub Scout Pack 49, New Lenox, sponsored by the Oakview School PTO and Den Mothers, have successfully completed their drive for Christmas gifts to be sent the American service men in Viet Nam.

There used to be five dens in the Pack but now there are four, Dens 1, 2, 3 and 5 and they have a total membership of 32.

The boys started out on a house - to - house canvass at New Lenox the day after Thanksgiving and continued it thru Saturday and Sunday, despite the rain and cold.

At the end they had enough articles to pack 23 five-pound boxes and three larger boxes weighing several times five pounds each.

At Frankfort, the post office will maintain hours from 8 to 5 on Dec. 10 and 17 but will not be open Sundays.

At Orland Park the same hours, 8 to 5, will be maintained on Dec. 10 and 17, and the post office will not be open Sunday, Dec. 11 but will have hours from 1 to 4 p.m. on Sunday, Dec. 18.

from an outside area, the Wilson School at Chicago Heights. Miss Dotte Jean Anderson, of New Lenox, is a teacher in the fifth grade at Wilson, and she told her pupils of the Cub Scouts project. The idea appealed to them and so they conducted a campaign in their own neighborhoods, collecting four large boxes of gifts for the service men and some money for the postage. They also sent Christmas cards and letters to the men in service units in Viet Nam.

In addition to the gifts the Cubs also collected \$85 in money and this met the need for postage. The boys had intended to have the parcels carried to San Francisco APO by air mail but that would have cost almost \$150 so the boxes were dispatched from the New Lenox post office Monday by train. The Army will fly them the rest of the way from San Francisco so they should reach their destinations before Christmas, it was said.

Several persons outside of New Lenox who read about the project last week mailed contributions to Mr. and Mrs. Donald Hutchinson, 305 Woodlawn, New Lenox, to help with the postage. Mrs. Hutchinson is Den Mother of Den 2. Mr. Hutchinson chairman of the Cub Scout Committee and William Bas-

sett is Cubmaster of the Pack.

Some of the packages will go to Marines and Army men who are convalescing from wounds in facilities in Viet Nam, it was said.

Other Den Mothers and assistants who helped with the chore of packing, tying and addressing the packages were, Mrs. Marjorie Ellis, Mrs. Rene Swanson, Mrs. Carol Egly and Mrs. Joan Hoffman.

3 Church Choirs To Unite For Cantata

On Sunday, Dec. 11, members of three church choirs will join together at 7:30 p.m., at St. Peter's United Church of Christ on La-Porte Rd., Frankfort, to present a cantata "The Wonder of Christmas".

This cantata, written by John W. Peterson, will be performed by the combined choirs of the Green Garden Methodist Church, The Frankfort Methodist Church, and St. Peter's, under the direction of Miss Bonnie Rydell.

Kay McAbee will serve as organist; Harry Smith will be assistant organist, and Sharon Wolf will be piano accompanist.

Featured soloists will in-

clude Mrs. Joseph Karkos, Miss Karen Weichbrodt, Miss Rydell, Dr. Robert Keener, Mr. Royal Senn, Mr. Robert Naumann and Mr. Robert Briedert.

The Rev. Charles Kepler of the Frankfort Methodist Church will serve as narrator.

This cantata is the work of the same composer as the one which was so well received last year. The sponsors are hopeful for capacity attendance for this presentation, which should be equally as inspiring in portraying the spirit of this joyous season as those previous audiences have enjoyed.

The reception will be held in Church basement immediately following the ceremony. Invitations have been issued, but all friends and relatives are welcome to attend. (Ferran Photo)

Knights Mat Team Keeps Slate Clear

The wrestling team of Lincoln-Way High School kept its record clear last Saturday afternoon by beating Thornton Fractional North, 33 to 13.

There was a time in the meet when the Knights trailed 13 to 3 but took care of this by scoring 20 consecutive points.

John Haley, 145 pounds, pinned Paul Schmidt in 3 minutes. Then Don Ball, 180

took care of Len Ciastko in the same fashion in 3:14, and Heavyweight Fran Chandler disposed of Tim Davis in 1:08.

Decisions went to Ed Delaney, 103; Chuck Crescenzo, 127; Duane Emmett, 133; Bob Sorensen, 138; Chuck Williams, 154, and Larry Shutack, 165.

The Knights will be seeking their third win this weekend at Evergreen Park.

L-Way, Eagle Fives Meet

Lincoln-Way Knights will provide the opposition for the Carl Sandburg Eagles Dec. 9 at Sandburg. The Eagles are still looking for their first victory of the year, as they lost a pair last weekend, 94-62 to Rich East Friday at home, and 84-28 to Hinsdale on the road.

Using an all-junior lineup, Coach Bill Adams' Eagles were led by Chuck Jaeger's 16 points. Don Urbancz hit 11, and Brian Taber 10. Rich led 22-11 at the quarter and 37-13 at the half.

Hinsdale's Red Devils full court press defense completely stifled the Eagles, causing many turnovers. The half ended 37-7. Taber was the only Eagle in double figures, with 11 points.

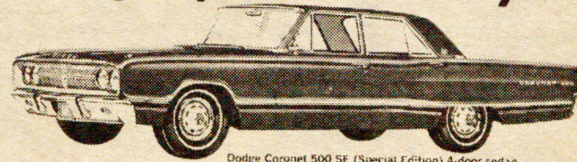

On the underclass level of competition, the Eagles outlook is slightly brighter. The sophomores split a pair, winning over Rich East 53-33, but losing to Hinsdale 45-27.

The freshmen squad lost 59-38 to Rich East and by 57-41 to Tinley Park in their first two games.

Hunting Season Is Perilous Time For Suburban Residents

(Ed. Note: We are giving Mrs. Charles McKinley a by-line on the following article because it is well written and covers a problem that is becoming worse every year. Mrs. McKinley said that her husband was shot at a couple of weeks ago and last week he was threatened by hunters in his own yard. The only cure we can see is to prohibit hunting altogether except on reservations.)

BY TIB MCKINLEY

Perhaps rising food prices explain the unusual vehemence with which hunters are pursuing game in the Orland Park area this year.

Old-timers are shaking their heads and saying, "There won't be a pheasant left this year."

A dense array of hunters have been noted all along both sides of 135th Street and Southwest Highway, as well, on recent week-ends, at the roads, not just in the fields. One motorist complained of pellets rattling against the side of his station wagon as he was driving in to church.

Homeowners in Orland Hills, who are surrounded by undeveloped areas and farm land, are particularly being badgered by over-eager hunters who follow

game into the yards and shoot towards the houses, notwithstanding little children playing in their yards. A red-faced belligerent spokesman for a group of hunters flushing out game within a few feet of one angry homeowner's property informed him they had twelve shots that said they could do as they pleased. The homeowner had asked them to move back because they were endangering the lives of half a dozen small neighbor children who were playing on their gym set nearby. Of course there was game here which had feasted heartily on his garden prior to the hunting season.

Shooting continues after dark as well. This has been noted a number of times.

But pheasants, rabbits, and other game are not the only trophies bagged so far this fall. Two hunters and an almost new gold-colored ten-speed racing bike disappeared at dusk on Tuesday and a heart-broken boy was left to flail around fruitlessly thru the tall weeds looking for his missing bike. No one else is known to have been around by the boys who were playing not far away except the hunters who had a car parked on 135th Street. Another boy's older bike was left behind.

Christmas Basket Drive Opens Dec. 9

All civic and homeowners groups, the Orland Park Village Board, the Orland Township Board, together with both political organizations of Orland Township have joined together to provide Christmas food baskets for deserving families in Orland Township. Plans have been made to provide collection centers at Mr. Ed's IGA, Orland Park State Bank, Kosnar Drugs, and the library in the Loebe Realty Building.

Those in charge are asking the citizens of the township to share their Christmas by placing non-perishable food items in boxes provided in the IGA store. There will also be money collection boxes there and at the bank and drug store for the convenience of those who wish to donate money to the project. The donation of

Children's Books can be made at the library.

In addition, this year a bank account has been opened called "Orland Christmas Baskets," Box 67, Orland Park, Ill. If anyone so desires they may make a donation by check through the mail to that address. Checks should be made out to "Orland Christmas Baskets."

Funds collected will be used to purchase turkeys and perishable food items just before the baskets are assembled. These collection centers will be available beginning Friday, Dec. 9 and will close Friday, Dec. 23.

Those who know of any deserving families who should be included in the list are invited to write the Christmas Basket project at Box 67, Orland Park, Ill. 60462.

Stagg Choruses To Sing Of Christmas

The Stagg High School choral department will be filling the December air with Christmas melodies not only at their annual Christmas Concert on Dec. 15 at 8 p.m., but also in two appearances in the community.

On Dec. 16, the a cappella choir will perform at the Christmas Tree ceremony in Worth, at the village hall at 7 p.m. On Dec. 20 at 7 p.m., the same group will give a concert at the Evergreen Plaza.

Six choral groups will sing at the Dec. 15 concert in the Commons Room at Stagg. Vocal director Walter Kosche will have more than 80 students organized into an a cappella choir, a concert (mixed) choir, a cadet chorus, a girls chorus, a boys chorus, and a madrigal

group.

The theme is "Christmas Carols Around the World," and a narrator will introduce carols from different countries and from different times.

Some of the carols are from France, such as "He is Born," "Let All Mortal Flesh Keep Silence," and "Lullaby of Jesu."

From Germany: "O Tannenbaum," "Christ is Born on Christmas Day," "Ring Little Bells," and "Still, Still, Still."

Latin American carols are "A La Nanita Nana," and "Calypso Carol."

From Italy: "Infant Divine," and "O Bambino."

Traditional English carols include "O Come, O Come, Emmanuel," "Gallery Carol," and "Coventry Carol."

ORLAND PARK HILLS youngsters took advantage of the cold last week that froze the waters of a pond in a new park the village is building north of Huntington Drive. Mayor Melvin Doogan, of Orland Park, took the controls of a bulldozer to grade and level a slope that tops out just to the rear of the homes on Huntington. This will serve as a hill for coasters that will keep them off any streets. The water that collects at the bottom makes a safe skating pond. (Graphic Newspapers photo)

Expel Two Sandburg Students

Expulsion of two Carl Sandburg High School students will be followed up by a letter to all parents emphasizing district 230's discipline policies, it was decided at the Nov. 28 board of education meeting.

The board voted unanimously to expel two boys for misconduct. One will be 18 in April, 1967 and the other will be 17 in April, 1967. Superintendent W.O. Fisher's report to the board said that "on Nov. 18, the two boys, apparently under the influence of alcoholic beverages, entered the Sandburg building and caused a disturbance in the hallway."

They were "using extremely profane, loud language," the report stated. "When they were stopped by one of the teachers, Robert Rick, about their activities, actions and language, they became abusive and a fight followed." One boy left the building and took off in a car. The other had to be physically and forcibly dragged to the office by J.T. Jensen, one of Sandburg's football coaches.

Fisher said that charges of assault have been filed by the teacher. Board member Robert Johnson asked Fisher if there is a reversal in student behavior.

"The general conduct at both schools is the best we've ever had," Fisher emphasized. He suggested that there were only about 50 of the 2700 students, who provided most of the discipline problems. The percentage of behavior problems is about the same as in the past, he said, although the number of cases is greater now that the student population has increased.

In a report to board members, the superintendent pointed out, "We cannot permit a minority element to either disrupt our school program or to bring disrespect to the vast majority of our students. It is recommended that the board take prompt and decisive action in cases of misconduct, disrespect, violations of rules and regulations, poor attendance and extremely poor academic achievement."

"We have made a significant effort to secure the interest and cooperation of this small minority in an effort to keep them in school. It appears as if they have little or no respect for au-

thority, are devoid of a desire for an education, and their attitude is so negative that there is small chance for success.

"I regret that being forced to present this recommendation but the best interest of all of our students demand it," the report concluded.

A review of election preparations for the building bond issue voted on Dec. 3, ensued. A polling place was removed from Bridgeview because there are less than 100 registered voters in the area which has lately become unincorporated. An election school for judges was to be held at Sandburg Dec. 2. Nine polling places were to be available throughout the district.

Gives Dates For Voter Registration

Russell M. Whitney, town clerk of Orland, announces that the following dates will be open for the registration of voters living in the unincorporated areas of Orland Township:

Saturday, Dec. 17, 3 to 5 p.m.

Tuesday, Dec. 20, 7 to 9 p.m.

Orland Legion Post May Sell Quarters

An Ad appears in this issue listing an American Legion post hall for sale, which is an unusual offer on the real estate market.

The Legion hall or home referred to belongs to Orland Park Post and is located on 143d St., east of LaGrange Rd.

Officers of the post emphasized that the sale of the hall does not mean that the post will disband. The post will continue to function, according to those in charge, and once freed of the financial problems of operating the building they believe that the post can give more attention to veteran and community affairs. Eagles-Titans Meet In Swim Match

Big Ten football coaches Pete and Bump Elliot are brothers whose teams battle every fall. Sandburg's swimming coach Alan Gillberg notes a similar situation occurring today (Dec. 8), when his team meets the swimmers coached by his younger brother George Gillberg, mentor at Tinley Park High. The match is at the Sandburg pool at 4:15 p.m.

Alan is in his eighth year of high school coaching, and in his first season at Sandburg. Brother George is a four-year coaching veteran. Both brothers prepped at Lane Tech and swam in collegiate competition, Alan at Iowa, and George at Northern Illinois University.

"George has got an up-and-coming team", said Alan. "It should be an even meet right down the line. Both of our teams won their first meet--Tinley took a triangular at Thornton and Sandburg posted a 57-38 win over Glenbrook Nov. 26."

Tom Johnson, star Eagle halfback during the recent football campaign, dived for a record 78.65 points in the first meet. The old mark of 78.1 was set in 1963 by Jeff Ferguson, former Eagle now at Iowa State. Besides breaking the school scoring record in diving, Johnson became a double-winner by competing on the winning medley-relay team.

Another varsity star, Jim McNaughton, surpassed the state qualifying time in the season's first meet! He swam the 100-yd. backstroke in 59.6 seconds, while the required time for state championship competition is

59.6. He was also on a winning relay team.

Senior Terry Brazel was a double-winner in the 200-yd. free-style and in the 100-yd. butterfly. Freshman Mark Kaptur, swimming with the Eagle sophomore team, won in the 100-yd. backstroke and in the individual medley. Junior Mike Anderson came from behind to win the 100-yd. breaststroke

race.

Fans are welcome at the swim meets, Gillberg said. Bleachers are provided and most home meets are in the evening. Admission is 50 cents for adults.

The home schedule includes both varsity and sophomore matches. The freshmen swimmers are coached by Darrell Green, formerly at Southern Illinois University.

The Tinley Gardens Homeowners Association would like to remind all of the children in the subdivision that the Christmas party will be held at the home of Julius Sandy, 9307 Ethyl Lane on the 17th of December. There will be games, prizes, refreshments and gifts for all. Julius Sandy is chairman and master of ceremonies (need anymore be said) and we know you will all have a wonderful time.

Also to the adults of Tinley Gardens don't forget the New Year's party sponsored by the Tinley Gardens Homeowners Association on New Year's Eve. Reservations are not a must however we would like to know about how many will be there, so please let us know your intentions.

-o-

We have two little girls (Debbie Fortune and Linda Henschel) for flag raisers for the month of December. I personally wish to thank these girls because even though the temperature was about zero they still raised the flag. We have two boys

for back up in case it gets too cold, but apparently this isn't going to happen, as these two girls are real gems.

Utility Firm Predicts Brightest Yuletide Yet

Christmas 1966 will be the brightest Yuletide season on record according to lighting specialists at Commonwealth Edison Company who estimate that over 300,000 kilowatts of electricity will be used for decorative lights.

This amount of electricity could illuminate about 170 stadiums the size of Chicago's White Sox Park, Edison said. Overall the expected December peak load will surpass last year's mark by about 400,000 kilowatts - from 5.9 to 6.3 million kilowatts.

Contributing to the record electrical demand is the increasing popularity of Christmas lighting both inside and outside. This year municipal workers, merchants and homeowners will go all out in trimming trees, stores and buildings.

Chicago and suburban area residents will joint in massing Christmas lights to celebrate the season. In addition to the traditional use of Christmas lights over doors and trim, on roof peaks and evergreens, more homeowners are investing in illuminated and animated displays.

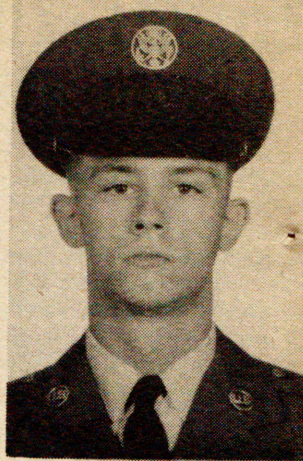

at which time he will report to Travis Air Base in California where he will prepare for an assignment at Kadena, Okinawa for about a year and a half.

-o-

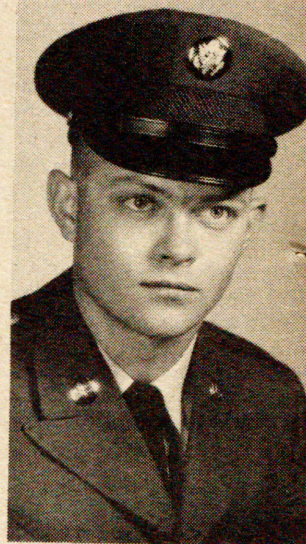

We would like to extend our sympathy to Mr. Thomas Sumner and family on the death of his uncle.

-o-

I would appreciate the cooperation of all my friends and neighbors in regards to reporting the news. If you have any news (Scouting, P. T.G., Out of town visitors, Sickness, Death, Births, Civic news of any kind, Etc.,) Please notify me.

Airman James H. Peyton Jr., son of Mr. and Mrs. James Peyton, Sr., of 9343 Ethyl Lane, Tinley Gardens, has been selected for technical training as an Air Force policeman at Lackland AFB, San Antonio, Tex.

PFC. ALLEN ANDRESEN, son of Mr. and Mrs. Arthur Andresen, 108th Av. and 179th St., is now serving in Viet Nam with the 572d Transportation Co., after completing his training at Fort Polk and Fort Meade.

-Check lighting sets, cords and sockets for fraying, aging or heat damage. If in doubt about the condition of a lighting set, replace it.

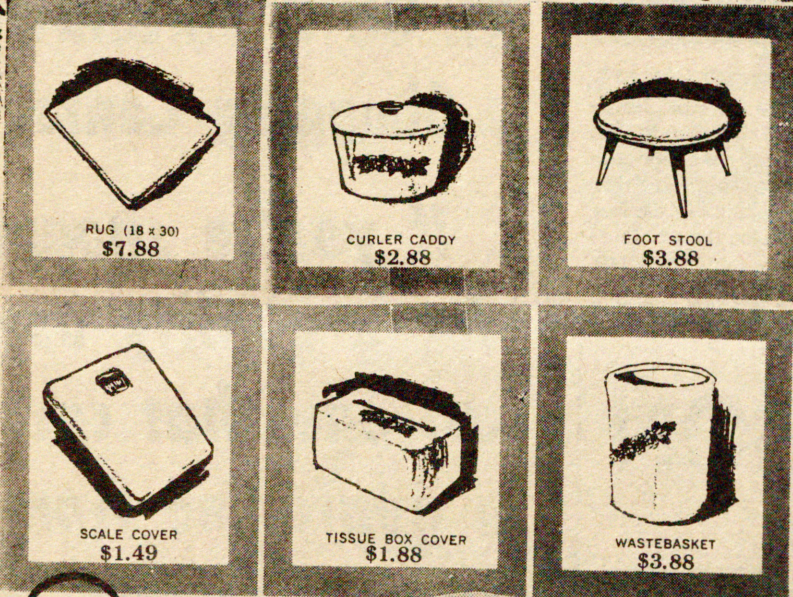

-Don't connect lights until they're attached to the tree or outside support.

-Use open eye hooks or tape to secure outside lights.

-Don't overload electrical outlets. If an overload blows a fuse, switch lights to another circuit. Never replace a blown fuse with one of higher amperage.

-Floodlight metallic trees. Do not attach lights to a metal surface.

-For outside decoration use only weatherproof lighting sets with heavy duty rubber extension cords. Arrange the cord so bulbs point downward. This way water can't run into sockets.

RI Figures Way To Provide Grain Cars

The Rock Island and the Frisco railroads have developed a revolutionary program to attack the perennial grain car shortage by combining a freight car reservation plan with incentive rates to achieve greater car usage, Jervis Langdon, Jr., chairman and president of the Rock Island Lines, and J.E. Billiland, chairman and president of the St. Louis-San Francisco Railway, announced today.

Will-South Cook Conservationists To Meet Dec. 16

The annual Conservation Leaders meeting of the Will-South Cook Soil and Water Conservation District will be held at the Caterpillar Tractor Company on Route 6, west of Joliet, on Dec. 16.

The meeting will open at 8:45 a.m. with a business session conducted by Richard McHugh, president of the district. The program, sponsored by the Caterpillar Company, will feature a film and a tour of the plant. Lunch will be served at noon. The meeting will adjourn at 2 p.m.

Under the new concept, export grain shippers in an area that has always experienced one of the worst car shortages, will soon be able to make a definite reservation for blocks of cars to move on a specific date. For the first time, the shipper will know when he will get his cars, how many he will get, and when his shipment can be expected at destination.

And very importantly, operating efficiencies made possible under the new plan will substantially improve the availability of grain cars.

The new plan, which the Rock Island and Frisco railroads propose to put into effect on December 30, calls for: Car reservations, for 8 cars or more, to be made 15 days in advance; and incentive rate, to be known as a "booked" rate, which gets progressively more attractive as higher multiples of cars are reserved; loading time of 24 hours; unloading time at port of 48 hours; and elimination of transit, diversion, and weighing enroute.

The total effect of all the features of the new plan will be to increase the avail-

ability of cars by decreasing the "turn-around" time and thus make cars ready for another load in a shorter period of time.

The cars reserved will be delivered at one location and must be shipped on one bill of lading from one shipper to one receiver, on one day.

In combination with the "booked" rate, the Rock Island and Frisco railroads are also publishing a "cut-back" rate, which is designed to permit a shipper to bring grain in by rail in single cars to a particular point and then consolidate several single car movements into a multiple car movement to the port, with the multiple car rate being applicable to the latter phase of the movement. The "cut-back" or "booked" rates apply only if both the single and multiple car movements are handled by one carrier.

Nursing Home Care Coming Up Jan. 1 Under Medicare Act

(Editor's Note: The following article was prepared and released by the Social Security Administration. It announces the beginning of a new service under the Medicare act after Jan. 1, -- Extended Care Facilities. This refers to care in approved nursing homes. As of last week only four such homes had been approved in Illinois but more will be announced later, beginning Dec. 9, it was said. Very little, if anything, is known about this service at this time, other than undoubtedly it will make for considerably more paper work by

recipients as well as government clerks.)

-0-

Someone mentioned that medicare is complicated because of the many places involved in getting the services and in getting the payments. A new service which will be added on Jan. 1, 1967 will be the Extended Care Facilities. The other services have been here all the time. One is hospital care; one is outpatient diagnostic care. Also the hospitals have been providing various tests and examinations for a long time, but now medicare pays for many of those services

for people over 65. Another one is the home health care. In Joliet the agency handling this service is called the Public Health Council. In other areas the public health agencies provide this service. Doctors refer people over 65 to those agencies following hospital or medicare care for visits for special treatments which a person cannot do himself.

There are four services under the medicare program -- the hospital, the home health care, the extended care facility after Jan. 1, and medical care.

A situation came to our attention recently showing how five bills are being submitted to the insurance companies for one patient. The hospital sends their bill to Blue Cross. One doctor has accepted "assignment" for an operation and he is sub-

mitting his bill to Illinois Medical Service. Another doctor in Grundy County asked the family to pay him directly so the family will be submitting the bill to Continental Casualty Company -- the insurance company which handles bills from Grundy County. The fourth bill will be submitted by the family to Illinois Medical Service for the rental of a special appliance which the doctor ordered from a drug company, and the fifth bill will be submitted by the home health agency for home calls to apply special dressings ordered by the doctor.

Student Teaching At Carl Sandburg

Two future teachers are currently gaining experience and practice at Carl Sandburg High School, Orland Park.

Jerry Cummings, whose hometown is Chicago, will graduate in January from Northern Illinois University. His final requirement is to teach U.S. history and senior social studies classes at Sandburg, under the direction of department chairman James Zimmerman and teacher Charles Harnish.

Cummings majored in political science at Northern, and hopes to teach high school as well as attending law school in the future.

David Sprouse, from Illinois State University at Normal, will practice teach at Sandburg until Jan. 21. He is gaining experience in the business education department, working with classes taught by Sandburg faculty members David Montgomery and Robert Karlo.

Sprouse is the first practice teacher in business at Sandburg in several years.

Both young men are evaluated by college professors who will visit Sandburg from time to time and observe their teaching, as well as by their cooperating teacher at Sandburg.

Set Up Scholarship At Stagg

Amos Alonzo Stagg High School will not have a graduating senior class until June of 1968. Although that magic date probably strikes the present 16-year-old juniors at Stagg as somewhere off in the remote future, the Stagg guidance department is already at work helping students and parents with college entrance and scholarship information.

Miss Pauline Butler, director of student personnel, has recently initiated two scholarship programs that will be awarded to some of Stagg's first graduates. Her first effort is to set up businessmen's scholarships. She plans to make a personal call on all businessmen in Worth, Hickory Hills, and Palos Heights, and ask each for a contribution. The businessman gets a certificate in the trophy case at Stagg, a statement for income tax purposes, and the satisfaction of helping a youngster attend college or further his vocational training.

Miss Butler explained that the proposed businessmen's scholarships would be awarded to seniors who are good students, but who did not qualify for a national or state award. "A local scholarship is often cancelled out, as it is subtracted from the amount awarded by the Merit and other plans," she explained to an executive board meeting of the Stagg Citizen's Association Nov. 29. "So, we'd like to present our future scholarships to the good 'B' student who needs some assistance and hasn't already secured it from some of the national or state scholarship funds."

Additional information on paying and applying for college or advanced training was given to parents at a College Night held at Stagg recently. "Cost of room, board, and tuition ranges from \$1200 a year and up," Miss Butler told the audience of 200. "But funds are available from scholarships set up by some employers, by the state, loans from the federal government, scholarships from the college and from local sources, and part-time jobs."

MRS. EDWARD HOVI
Telephone: 479-5740
The Summit Hill Parent-Teacher Group will hold its December meeting at the school all-purpose room next Thursday evening, Dec. 5, beginning at 8:00 P.M.

The meeting was postponed for one week in order to bring it closer to Christmas, so that the scheduled children's Christmas program following the regular business meeting would have more significance for the parents attending. Come on out, mommys and daddys for the meeting and see what the work of the children and their "directors" have wrought, with their charges.

The Arbury Hills Civic Association held its November meeting at the school

ing. They were Mr. and Mrs. Warren Wilson of Harvey, Mr. and Mrs. Charles Scheeler and family and Miss Marjorie Gudgeon.

The December meeting of the Arbury Hills Boys Baseball League will be held at the school next Tuesday evening, Dec. 13, beginning at 8:00 P.M.

This important meeting needs a large attendance, since the newly written by-laws of the organization, read at last month's meeting, will be voted upon at this meeting.

A working set of by-laws is required by the state before incorporation as a "not for profit" organization status may be obtained.

The Summit Hill Cub Scout Pack 10 will have its December Pack Meeting date pushed up to Dec. 16, so that it may be held prior to Christmas, and still not fall during Christmas week.

The theme of the meeting will, naturally, be of Christmas with happy surprises for all. The meeting will begin at 7:30 P.M. Please try to come on time, so that the closing hour will not be too late for the youngsters.

Has anyone seen something of two tricycles out for a walk? Everyone knows that tricycles have wheels, but no one expected two of them to join forces to go out on their own. If you see them on their lively jaunt, won't you please bring them to me and I will see that they are returned to two unhappy little neighbors.

The December meeting of the First Nighters which was to be held at the home of Mrs. Rose Menzer last Thursday evening, Dec. 1, has been postponed until tonight Thursday, Dec. 8, beginning at 8:00 P.M. The meeting of the group will still be held at the home of Mrs. Menzer.

nual Christmas Appeal. Through the cooperation of the State Street Council and the CTA in Chicago, two colorful electric stars-fifteen feet high with Christmas decorations and two six foot Salvation Army shields-will be located on the CTA elevated platforms at State and Lake and State and Van Buren. For each \$2300 that is received, a light bulb will be lit in each star. If successful in reaching the Christmas income goal of \$493,500 in the Chicago and suburban areas, the entire 215 bulbs will be lit in each star by Christmas Eve. Newspapers, television and radio media will be calling attention to the "Star of Cheer."

Each local Service unit has recently contributed to

"Stateville Toy Lift Project" whereby 204 children of 456 inmates will be remembered with gifts at Christmastime. There will be many indirect effects from this Christmas remembrance project-family ties will be re-cemented and youngsters will grow up with a feeling their father cares for them. Providence Plans Open House For 8th Graders

Providence High School, New Lenox, will hold an Open House for eighth graders and their parents on Sunday, Dec. 11, from 2 to 4 o'clock, it has been announced.

The campus is located between Joliet and New Lenox, about one and a half miles west of New Lenox on U.S. 30.

Providence is a Catholic high school for boys and girls. Its students come from fifteen cities in the Joliet area. Most are Jolietans, but 95 are from Lemont and Lockport, north of Joliet, 19 are from Tinley Park, east of the city, 33 travel from Manhattan, south of the school, while 46 are

from New Lenox itself.

At the Open House, teachers and administrators will be available to give information requested by the visitors.

Providence's award-winning Mixed Chorus will present a short program at 2:00 P.M. to start the afternoon. Brother K. Daniel, F.S.C., Principal, will speak briefly in an address of welcome.

There will be displays of student accomplishments from all departments, including the sciences and art courses.

There are more than 30 student organizations and activities, which will also be represented.

The Athletic Department will outline its competition in football, basketball, baseball, cross - country, track, soccer, and golf.

Members of the National Honor Society and the Student Council will conduct tours of the school.

Refreshments will be prepared and served by the Home Economics Department throughout the afternoon.

Due to its out-of-the-city location, the school always has ample parking facilities.

Providence is staffed by the Christian Brothers, the Sisters of Providence, and lay men and women.

"Silent Killer" Is On The Prowl, Lorenz Warns

Every motorist should keep his car properly ventilated to guard against the possibility of carbon monoxide poisoning, Francis S. Lorenz, director of the Illinois Department of Public Works and Buildings, warned drivers in a radio broadcast.

"Carbon monoxide, the silent killer, causes more deaths than any other poison. It is a gas you cannot see, taste, or smell. If you own a car, it travels with you wherever you drive.

"It won't tickle your throat or make your eyes smart, or in any other way make it's presence known. It is a poison that is extremely dangerous, and its effectiveness is closely related to ventilation," Lorenz said.

Lorenz' warning was made in a radio talk which is broadcast as a public service by many radio stations in Illinois.

He told motorists that carbon monoxide, known as "the silent killer," causes more deaths than any other poison and can kill within minutes.

Even if the victim of carbon monoxide poisoning survives he can, if he remains unconscious in the poisoned air for some time, suffer permanent brain damage, Lorenz said.

He advised motorists to beware of excessive warmth or lack of proper ventilation in a car, and never drive with all the car windows closed.

The symptoms of carbon monoxide poisoning are tightness across the forehead, followed or accompanied by throbbing in the temples, headache, weariness, weakness, dizziness, nausea, loss of muscular control, and increased pulse and respiration.

"If the concentration of gas is great enough the driver may fall unconscious without any warning signals," Lorenz said. "If you are driving at night and the darkness seems blacker than usual, or the glare of oncoming lights brighter than usual, carbon monoxide might well be the cause," Lorenz said.

He said motorists should have the exhaust systems of their cars checked regularly for blown-out gaskets, leaking pipe connections, and holes in the mufflers or tail-

pipes. The carbon monoxide content of exhaust will be low if the engine is kept properly tuned, he said.

Here are other steps which, Lorenz said, the motorist should take to avoid carbon monoxide poisoning:

(1) Shut off the engine when sitting in a parked car for more than a few minutes.

(2) If you find yourself becoming sleepy while driving, recognize that the cause may be carbon monoxide. Stop at once, get out of the car, and breath fresh air. Then drive with the windows more open than usual.

(3) Be sure garage doors are open when an automobile motor is operating inside the garage. Even if the garage door is open, do not allow the motor to run more than a few minutes unless positive ventilation is provided.

L-W Takes Oak Lawn In SWS Cage Opener

Lincoln - Way High School's varsity basketball team began its SWS Conference season last Friday night with a 43-38 win over the Spartans of Oak Lawn.

It was a tough game to win and a tough one to lose. The visitors from Oak Lawn finished up the first period with a one-point lead, 7 to 6.

But in the second frame the charges of Head Coach

Al Willis outscored the Spartans, 13 to 7 to make the halftime score, Lincoln-Way 19, Oak Lawn 14.

In the second half each team counted 24 points which left the Knights victorious by the same five point margin they had at halftime.

Statistics show that Oak Lawn had more sharpshooters than Lincoln-Way, or luckier anyway. Skill, of course, is the major factor in basket shooting but like any other sport requiring skill, a little bit of luck can be a great help.

The lads who deal in percentages report that Lincoln-Way shot .391 from the floor while the Spartans caged .502 per cent of their field shots. Oak Lawn hit .737 of their charity tosses but Lincoln-Way excelled in this department, hitting an amazing .900.

The Spartans took 23 shots from the floor and hit on 12 of them. The Knights netted 16 out of 42 attempts from the floor.

Mike Seitzinger and Bill Stanfill counted 12 points each, Mike McCabe and Dave Eden made seven points each, Ihde 3 and P. McCabe 2. Coons made 19 of Oak Lawn's points and Katzman 10. Pacourek made 4, Ruebenson 3 and Schaeffer 2.

Don't be a conversation dropout.
Graduate to the News.

Do you run out of conversational tidbits before you run out of *hors d'oeuvres*?
A good hostess would blanch at the thought.
That's why good hostesses depend on The Chicago Daily News. It's like a conversational catering service that never leaves you at a loss for words.
Next time you pass the tray, offer your guests more than another cracker.
Tempt them with a fresh anecdote

about Mao Tse-tung from Mark Gayn. Tantalize them with a tasty morsel about life in London from William Stoneman.
Tease them with a crisp condemnation of ultra-thin women by Marc Drogin. It's appetizing talk.
Get enough to go around in The Chicago Daily News.
You'll never be known as a Lazy Susan in conversational circles.
